

3M Purification

17th May 2016

Certificate of conformity for use with potable water

Manufacturer: 3M Purification Incorporated, 400 Research Parkway,
Meriden, CT 06450, USA

Product Description:
VB2 Head Assembly

Stock ID:
70020314715

This is to certify that the products listed above as supplied by 3M are suitable for use with potable water according to the following national standards;

France – The heads are part of an Attestation de Conformité Sanitaire (ACS) certified system, ref 15 ACC LY 304.

UK – All non-metallic materials of construction have been tested and meet the requirements of BS6920.

Italy – Representative samples of the product have been tested by an external laboratory and the analysis of the results of "treated" water samples compared with the parameters laid down by Legislative Decree 31/2001 showed no significant changes. The materials of construction comply with the provisions of Regulation (EC) 1935/2004, EU Regulation (EC) 10/2011 and the M.D. 21/3/1973. Therefore the products comply with the DM n° 25 February 7, 2012.

US - All materials of construction are listed in FDA CFR Title 21. The VB2 series heads are part of an NSF listed system. The product listing can be found on the NSF web site <http://nsf.org> under 'Search Certified Products & Systems'.

In preparing this response 3M has relied in part on information provided by 3M suppliers.

I trust the above information is responsive to your request, if you require any further information please feel free to contact me.

Sincerely

A handwritten signature in black ink that reads 'Andrew J Ball'.
